PROFILE

As a recent graduate specializing in frontend development with a focus on React, I am eager to kickstart my career by joining a dynamic team where I can apply my knowledge and skills to create engaging and intuitive user interfaces. My objective is to actively contribute to the development of cutting-edge web applications, leveraging my understanding of React's component-based architecture and proficiency in HTML, CSS, and JavaScript. I am committed to ongoing learning and growth, seeking opportunities to collaborate, learn from experienced developers, and stay abreast of industry best practices to excel in my role as a frontend developer.

PROJECTS

Ecommerce

Link: <https://ecom-verse.vercel.app/>

- Product Catalog & Filtering: Implemented dynamic product listings with filtering and sorting functionalities for improved user navigation.
- Shopping Cart Integration: Developed a user-friendly shopping cart with smooth interactions and real-time updates using JavaScript and React state management.

Portfolio

Link: <https://rakib-portfolio-260.vercel.app/>

- Interactive Sections: Designed and implemented About, Projects, Skills, and Contact sections with smooth scrolling and user-friendly layout.
- Responsive Design: Ensured the site looks and performs perfectly on desktops, tablets, and smartphones.
